F.A.Q.'s

Summer of 2022

If I audition will I make it into the show?

Each of our participants who comes with a prepared audition for the play will be guaranteed a spot in the show. Technicians do not need to audition.

What do I need to submit in order to register?

We will need you to complete the online participation form, the online conflict calendar and your online payment. You can Venmo our Drama Boosters (@chsdrama).

How much is the Chantilly Summer Theatre Program?

The cost to participate is \$250.00 per student, hey only \$7.00/hour!

Is there a lunch break?

There is not a time carved out specifically for lunch. We encourage participants to bring snacks and a water bottle.

Am I allowed to miss any rehearsals?

We will always try to work with your schedule as we know the summer can be busy. Actors who

audition with conflicts may not be considered for lead roles due to our limited rehearsal time. If we have questions about your conflict calendar we will reach out directly.

Am I required to wear a mask?

We will adhere to the same protocols being followed by Fairfax County Public Schools during the time of our program. At this time, masks are not required for participants but you are more than welcome to wear one.

How does drop off work?

We ask that all participants be dropped off between 8:45 a.m. - 8:55 a.m. to ensure we can begin at 9:00 a.m. Drop off & pick up is at the exterior doors to the Blackbox in the Chantilly H.S. Marching Band parking lot. We will have signs on the first day!

Is my child allowed to walk to/walk home each day?

Yes, please send in a letter with your printed name and signature giving your child permission to walk to and home from Chantilly Summer Theatre each day.

Can I get a refund if my child gets sick during the Chantilly Summer Theatre program?

Our funds are allocated and spent in advance for our set, costumes, props, wigs, performance rights and scripts for the show. **No refunds will be issued after Monday, June 6th 2022** as that is when we will have our final budget and begin making purchases for the production.
